

Libraries
Connected

The Vision and Print Impaired People's Promise seeks to ensure library services are accessible. The Promise states that all public library services should:

- Ensure that all blind and partially sighted customers are connected to the most appropriate service for their reading needs, able to make full use of an accessible public library service
- Use Reading Sight, the free website supporting blind and partially sighted people to access reading and reading services
- Provide local collections of accessible reading materials and information in physical or digital formats, and signpost customers to a wider range of resources
- Plan digital and physical access strategies in consultation with blind and partially sighted people
- Designate a champion for the reading needs of blind and partially sighted people, who has familiarised themselves with the specialist resources and services available
- Support and promote Hi VIS fortnight run by Share the Vision, an annual celebration to encourage accessibility and inclusivity for all blind and partially sighted people in local libraries.
